SIS Upgrade Project

- Current project plan is under development - Phases are being identified
- Phase 1 begins this week
- SISAC for input, feedback & testing
- No field or option changes to Model SIS unless required by legislature

IPEDS Update

- Upload Custom Comparison Group for 2018 Data Feedback Report before July 13, 2018
- <https://surveys.nces.ed.gov/ipeds/ViewIPEDSDownloadDFRInstructions.aspx>
- Wednesday, August 8th - IPEDS Registration email
 - Lock by August 29th
- Gender - Being reviewed by all federal agencies. Current NCES guidance is still to assign unknown or unreported students a gender based on your institution's overall gender percentage breakdown.

Analytics Projects

- RA implementing Microsoft Power BI
- Project Plan being developed
- Current analytics projects under development
 - Productivity Metrics
 - Closing the Gap 2020 (with Lumina)
 - Employment & Security Report (ACT 852)

Productivity Next Steps

- **Gateway Metric Data**
 - Release data this week
- **Credentials data re-run**
 - Changed SQL to prevent second Bachelor degree students from receiving student characteristics points
 - Change SQL to allow readmitted student to readmit same year as they complete their credential (<= instead of <)
